

Snow Showers This Morning

November 10, 2025
3:05 AM CST

Minor accumulations and a few isolated slippery spots possible in SW IN and NW KY.

Key Messages

- An area of light to moderate snow showers will move through southwest Indiana and northwest Kentucky this morning.
- These snow showers will bring a dusting up to potentially as much as 1 inch of snow accumulation.
- A few slippery spots on elevated road surfaces and bridges cannot be ruled out.
- Wind gusts up to 30 mph will also reduce visibility at times under heavier snow shower activity.
- If driving this morning, use extra caution, and give yourself extra time to reach your destination.
